

Listing Your Immunization Event on the Oregon Flu Clinic Locator

Oregon SafeNet is the statewide, toll free helpline for health and social service information. The Oregon Public Health Division partners with Oregon SafeNet each year during flu season to help get information out to the public about available flu clinics. This partnership has made an enormous difference in helping people get their flu shots!

Many community providers, service agencies, and individuals use SafeNet to locate free or low-cost services statewide in a variety of languages. This year, the flu clinic locator is being powered by a free application from Google and being hosted cooperatively by Safenet and the Oregon Immunization Program.

Please help us by providing the necessary information about your flu clinics to Oregon Flu Clinic Locator.

To list your event on the Calendar, fax or email the completed form on the following page to the contact indicated. Be sure to send an update if your details change or if the event is rescheduled or canceled.

You may list multiple clinics using one form if the vaccines provided are the same. You may also list a date range if your clinic reoccurs.

Referring Clients

You can help clients find local influenza vaccine clinics by referring them to the Oregon Flu Vaccine Hotline: 1-800-978-3040; Monday-Friday 8am-8pm. The hotline currently has recorded messages, but will begin being answered on September 27th, 2010.

For other social services, such as food assistance or domestic violence, please continue to direct callers directly to 1-800-SAFENET which connects to the main line at SafeNet.

- **allow 2-4 days for listing at www.Flu.Oregon.Gov and www.Google.com**
- **contact Info@OregonImmunization.org with questions**
- **send a corrected form if details change, or send an email with more information**
- **provide any specific details in the notes, or send an email with more information**
- **be sure to provide all information, incomplete submissions will not be listed**
- **use the notes section to give extra directions so clients can find your clinic**
- **the Oregon Flu Vaccine Locator will ‘go live’ on September 27th, submit any clinics you would like listed ASAP.**
