

Health care convenience:

House calls from CareOregon Advantage

Get an in-home wellness visit by a medical provider and earn \$50

As a CareOregon Advantage member, your benefits include an in-home wellness visit with a licensed medical provider. We want you to stay as healthy as possible, which is why we work with our partner Signify Health to bring a wellness checkup to your front door. These visits not only help prevent health issues — they can help detect problems before they get worse. **Best of all: It's free to you.**

House calls help you and your provider

This in-home visit supports the care you are already getting from your regular providers. The information gathered during your in-home wellness visit may be shared with your providers to help you manage your health care together.

An in-home visit may include things like blood pressure checks or a medication review and gives you a chance to ask our licensed providers questions about any health concerns you have.

Want to learn more?

 Once you become a member, contact Signify Health directly at 833-447-7487 from 5 a.m. to 5 p.m., Monday through Friday. They will help you make an appointment with a provider and arrange a time for them to visit you in the comfort of your home.
