

Columbia Pacific CCO Board of Directors
Statement of Commitment to Equity
(Approved March 15, 2021)

Columbia Pacific CCO improves health by recognizing and accepting the uniqueness of each individual and each community. Through the following actions, we hold ourselves accountable to our commitment to equity, diversity and inclusion at all levels of the organization:

- expanding our knowledge and understanding of systemic and institutional barriers our members face and using data to inform our work;
- listening to the lived experiences and needs of our members and their communities, through ongoing engagement of our Community Advisory Councils and participatory collaboration;
- investing in education, resources and actions to meet those needs within health care and across sectors; and
- expecting the same from our partners.
