

Tillamook County Community Advisory Council

Wednesday, January 13, 2021 3:00 -4:30 pm

AGENDA ITEMS:

Meeting called to order at 3:02pm by Chair. Approved minutes and agenda, did introductions.

OMBUDS Program: OMBUDS presented on their work and how they intersect with our members. ¼ of Oregonians are on Oregon Health Plan and they advocate for our members, working directly with OHA to resolve issues.

Substance Use Disorder (SUD) Summit: Maranda provided a historical overview of the SUD Summit, along with a request for feedback about this year's summit. Group gave input on potential audience, topics, and speakers, along with training suggestions for the first day.

211: Angee Harris shared info on 211, which is intended to help people identify, navigate, and connect with resources.

IA update: COVID cases have dropped, but not enough to bump us out of the "extreme" risk category until at least 1/29. An eviction moratorium remains in place until June 30th, meaning it's illegal for landlords to evict anyone who's being impacted by COVID.

Vaccines! They are now available in Oregon to limited populations, based on the availability of doses.

Community Check-In: We skipped this item this month as we ran out of time.

Meeting ended at 5:00pm. **Next meeting is January 13, 2021 from 3-4:30pm**
