Focus: Medical equipment

Sometimes, you need special medical equipment to help you get and stay healthy. This is known as durable medical equipment (DME). It's "durable" because it doesn't get used up like other kinds of supplies. **This equipment is fully covered by Columbia Pacific CCO.**

Here are some examples of covered medical equipment:

Wheelchairs

Hospital beds

Toilet chairs

Blood pressure cuffs

Walkers

Diabetic shoes

Oxygen tanks

And much more

How do I get medical equipment?

You need approval to get equipment. Here's how to get started:

Step one:

Talk to your provider

Medical equipment must be approved by a physical, dental or mental health provider. They will write you a prescription for equipment.

Step two:

Find a vendor

Once you have the prescription, take it to a store that supplies the equipment you need. Your provider can tell you where to go.
