LPC & LMFT: 2024 Medicare Eligible

2024 Update: LPC & LMFT Providers are now Medicare eligible!

What Has Changed?

- **Effective January 1st, 2024:** Licensed Professional Counselors (LPC) & Licensed Marriage and Family Therapists (LMFT) will be able to bill Medicare Part B and be reimbursed for approved services, in accordance with Medicare reimbursement rates.

If you are currently a **Medicaid** provider, the following is required:

- Obtain a National Provider Identifier (NPI) – nppes.cms.hhs.gov
- Complete the Medicare Enrollment Application – may take 60-90 days
- Online Application: pecos.cms.hhs.gov/pecos
- Paper Application – CMS.gov/medicare/enrollment-renewal
- Select a **Specialty Designation**

Once Medicare enrollment is complete **notify CareOregon's Provider Data team** [with enrollment letter \(BHproviderdataupdates@careoregon.org\)](mailto:BHproviderdataupdates@careoregon.org) so provider records can be updated

We will **not** require a primary Medicare EOB for LPCs and LMFTs between 1/1/24 & 6/30/24.

EOBs
required
beginning
7/1/24

Answers to frequent LPC/LMFT Medicare Enrollment questions

Question	Answer
How will CareOregon know I am enrolled with Medicare when processing my claims?	Providers should inform BHProviderDataUpdates@careoregon.org of updated Medicare enrollment status. Please email with your PTAN number, effective date of enrollment, and include a copy of the confirmation letter from CMS.
What changes are needed in billing practices for providers newly enrolled in Medicare?	<ul style="list-style-type: none">- If billing for members with CareOregon Advantage primary coverage: bill CareOregon and a secondary Medicaid claim will be created automatically after the COA benefit processes.- If billing for members with Noridian FFS Medicare, CareOregon will receive a crossover claim automatically- If billing for members with other Medicare benefits: bill the primary benefit plan first and then submit secondary claim to CareOregon with the EOB included.
What if my Medicare enrollment process is not completed by 6/30/24?	Claims for dual members will deny due to lack of EOB. Once enrollment is completed, providers can bill as described above.
Do I have to be contracted with CareOregon Medicare Advantage to be reimbursed for BH services?	No. Behavioral Health is an out-of-network benefit for Medicare members. However, eligible provider types must be enrolled with Medicare to receive payment. Note: Many CareOregon base contracts include a CareOregon Advantage exhibit. Current contracted providers should refer to their existing contracts.

Question	Answer
How do I verify the current Medicare reimbursement rates?	<p>-If providers are billing out-of-network, claims will process at rates outlined in the CMS Fee Schedule which can be found online: Search the Physician Fee Schedule CMS</p> <p>-Providers contracted with CareOregon Advantage Medicare should reference their contract and fee schedule.</p>
What happens if I officially “Opt-Out” of Medicare enrollment via CMS affidavit?	<p>You will be ineligible to receive payment for services provided to Medicare-enrolled members, including those with Medicaid secondary benefits.</p> <p>Other than rare exceptions, the Medicaid benefit will NOT pay when a provider has opted out and is seeing a dual-eligible member. Providers who have opted out are required to inform their clients of their opt-out status and inability to bill Medicare.</p> <p>Opt out status lasts for 2 years. More info at: Opt Out Affidavits CMS Data</p>
If I primarily work with children, do I still need to enroll in Medicare?	<p>If providers are seeing Medicare enrolled clients, they should enroll in Medicare.</p> <p>Most pediatric patients do not have Medicare. If the provider's primary specialty is pediatrics, Payment Integrity can grant a limited exception to allow the provider time to enroll in Medicare if they start seeing a new Medicare enrollee.</p>

Provider Poll:

Where are you/your organization at in the process of enrolling newly eligible Medicare Providers (LPCs, LMFTs) with Medicare?

- Completed enrollment for all LPCs, LMFTs
- In-Process of enrolling these provider types
- Have not yet started Medicare enrollment
- Does not apply. We do not have these provider types.

Usual & Customary Billing

Risk Corridor and Utilization Reports

Summary	Resource
<p>Providers should always bill their usual and customary rate.</p> <p>CareOregon, like all Medicaid plans, sets claims to pay at the contracted rate, or the provider's billed rate (usual and customary), whichever is lower.</p> <p>Providers should have their charges independently reviewed to ensure they are accurate and appropriate according to usual and customary rules and guidelines. CareOregon cannot pay more than what is listed on the charge of the claim.</p> <p>This impacts CMS rate setting and reprocessing projects like QDP.</p>	<p>Oregon Health Authority : How to Submit and Adjust Claims to OHA : Oregon Health Plan : State of Oregon</p> <p>Oregon Medicaid Professional Billing Instructions</p>
