

# CareOregon and CareOregon Advantage

## No Authorization Required – CPT Code List

Revised July 15, 2023

### Please note:

- CPT code changes occur annually and occasionally throughout each year.
- It is important that provider offices determine authorization requirements based on current and valid codes in effect at the time the service is being requested, and provided.
- See **Authorization Overview** document for details regarding CareOregon's relationship to some of Oregon's Coordinated Care Organizations.
- Provider contracts may have different requirements than below. Please refer to your contract in addition to the details below for accurate requirements.

### Instructions

1. Use this code list in conjunction with the **Authorization Guidelines** based on the member's primary coverage; CareOregon Advantage (COA) or CareOregon OHP.
2. This list only applies when the services are performed in following settings:  
**a)** office, **b)** ancillary, **c)** ASC for ASC approved procedures, and **d)** facility day patient/surgery.

#### ***OHP members - additional instructions***

- Procedures with a ✓ in the "MUST Pair Above the Line" column require the diagnosis and procedure code to pair above the line on OHA's prioritized list in order to be billed to a CareOregon Medicaid plan without an authorization.
- OHP's Prioritized List is maintained by OHA and applies to marked procedures being billed to a CareOregon Medicaid plan - Health Share of Oregon, Jackson Care Connect and Columbia Pacific CCO.
- As of January 1st, 2021, and as stated in the CareOregon Utilization Management Procedure Handbook, the following specialties **MUST** be contracted for OHP payment (DOES NOT APPLY to Medicare-primary members):
  - » Physical Therapy
  - » Acupuncture
  - » Chiropractic
  - » Speech & Hearing Therapy
  - » Occupational Therapy
  - » Ophthalmology/Optomety
