2025 OHP Drug List (Formulary)

Administered by CareOregon. *Last updated December 1, 2025.*

Introduction

Your pharmacy benefit

We want to make sure you get the right care for your health needs! A very important part of that care can be drugs that your provider prescribes. Many prescriptions are paid for under your Oregon Health Plan (OHP) Medicaid drug coverage, but not all of them are. So how do you know which ones are covered, and which ones aren't? This booklet of covered drugs will tell you. It's called a "formulary." We've worked with pharmacists and doctors to create a formulary with drugs that are safe and effective. This formulary is administered by CareOregon, a partner in your coordinated care organization (CCO).

We usually update this formulary every two months. To get up-to-date information about drugs covered by us, call your CCO's Customer Service department. They are available Monday-Friday, from 8 a.m. to 5 p.m.

Columbia Pacific CCO Customer Service: 503-488-2822 or toll-free 855-722-8206, TTY 711

Health Share/CareOregon Customer Service: 503-416-4100 or toll-free 800-224-4840, TTY 711

Jackson Care Connect Customer Service: 541-500-0567 or toll-free 855-722-8208, TTY 711

Getting started

For some drugs, your provider will need to check with your CCO before they will cover the prescription. This is called a prior authorization or PA. Getting a PA will help get you started on your medication as soon as possible.

Here are some important things for you to know:

1. Before you leave your provider's office, ask if your CCO covers your drug.
2. If your CCO doesn't cover it, ask if there is a covered drug that would work for you.
3. If your provider does not prescribe a different drug for you, ask them to request a PA from your CCO.
4. If the PA is approved, your CCO will let you and your provider know. If it is not, your CCO will tell you how you can appeal the decision.

And always be sure to follow your provider's and pharmacist's directions for taking your medication(s).

How to fill your prescriptions

1. You can have your prescription filled at a participating network pharmacy. A list of pharmacies in your CCO's network can be found using the online Provider Directory on your CCO's web site.

Columbia Pacific CCO: colpachealth.org/providerdirectory

Health Share/CareOregon: [careoregon.org/members/
find-a-provider](http://careoregon.org/members/find-a-provider)

Jackson Care Connect: [jacksoncareconnect.org/
providerdirectory](http://jacksoncareconnect.org/providerdirectory)

2. Show your CCO Member ID card every time you fill a prescription.
3. There will be no copay for any drug that your CCO covers. If a pharmacy asks you to pay for a prescription, call your CCO's Customer Service before you pay.

IMPORTANT: As a member, it is your responsibility to contact Customer Service before paying out-of-pocket for prescriptions. If you can't contact them, your CCO may pay you back on prescriptions you paid for on your own. This depends on your benefit coverage and the limitations and exclusions of the plan. A form with instructions for getting paid back can be found in the "Member Forms" section on your CCO's website.

If your provider's clinic is closed and you think you need a prescription filled immediately, call your provider's after-hours telephone number. There will usually be someone there that can answer your questions.

Non-covered drugs

To help members have the best possible health outcomes, your CCO may add or remove drugs from the formulary or change coverage rules on drugs. If they remove a drug from the formulary or change the rules for a drug that you take, they will tell you at least 30 days before they do it. The following items are not covered:

- Drugs not listed in the formulary (see section titled "Drugs Not Listed in the Formulary" for more information)
- Drugs used to treat conditions that are not covered by the Oregon Health Plan.
- Drugs used for cosmetic purposes
- Drugs used for non-medically accepted indications

Mental health drugs are covered through the state's Medical Assistance Programs (MAP). These drugs are not listed in this formulary. Your pharmacist sends the bill directly to MAP.

New to plan or hospital discharge

New members or members who move to a different level of care may be using a non-formulary or restricted drug. If a provider asks for this drug to be covered, we may provide a transition supply.

A transition supply gives you time to try a different formulary drug to see if it meets your needs. While you're using your transition supply, your provider should ask for a PA for the drug to be covered.

Generic drugs

A generic drug works just like a brand-name drug. It is a copy of a brand-name drug. Most brand-name drugs will not be covered if there is a generic version of the drug available.

Over-the-counter (OTC) drugs

Your CCO covers some over-the-counter drugs that are listed in the formulary. These drugs are covered if you have a prescription for the drug from your provider.

Restrictions on formulary drugs

Some covered drugs may have special rules about their use. These rules may include:

- **Prior Authorization (PA):** If providers want to prescribe a drug marked "PA" in the formulary, they must send a "Prior Authorization" or "Formulary Exception Request Form" to us. We cannot pay for the prescription unless we approve the request in advance. Usually, we only approve PA requests if the drug treats conditions covered by the Oregon Health Plan.

- **Quantity Limits (QL):** For drugs marked “QL,” we limit the amount of the drug we’ll pay for. Your provider must send a PA to us if they want to prescribe an amount of the drug that is over our quantity limits.
- **Step Therapy (ST):** Sometimes we ask you to try other drugs before we cover a drug marked “ST.” Suppose Drug A and Drug B both treat your medical condition. We may not cover Drug B before you try Drug A. If Drug A has harmful side effects or doesn’t work for you, we’ll cover Drug B.
- **Age Restriction (AR):** For some drugs, we require you to be younger than or older than a specific age. For example, a drug may be restricted to people under age 6 or over age 16.

Exceptions

You may get up to a 90-day supply of some drugs. Drugs that qualify for a 90-day fill will have “90-day supply available” in the comments section next to the drug in the formulary.

Note: Your CCO may approve an additional refill in the following situations:

- Your prescription is lost, stolen, or spilled.
- You need extra medication because you will be out of town.
- You need extra medication because your dosage was increased.
- You need a supply of a certain medication for work or school.

For more information call your CCO’s Customer Service department.

Drugs not listed in the formulary

Drugs usually are not covered unless they are in the formulary. However, if your provider believes a drug outside of our formulary is the best drug for you, the provider can ask your

CCO to cover it. This is called “making a formulary exception request.” Your provider will need to submit a PA. Usually, formulary exception requests are approved only if:

- There is a medical reason that you need that specific drug.
- Other drugs in the formulary have not worked for you.

Urgent needs for non-formulary or restricted drugs

Your provider or a pharmacist may ask for a five-day emergency supply of a non-formulary or restricted drug. This gives them time to send a PA to your CCO. To ask for an emergency supply, call your CCO’s Customer Service.

Find more information at your CCO’s Member Portal

Your CCO has a secure Member Portal, where you find information about your prescriptions and more. Log in to your Member Portal and you can:

- Access your benefits information
- Check your prescriptions fill history
- Search for a provider
- Send us a secure message
- And more

Register for your CCO’s Member Portal at the link below:
